Mission and Description
Our Mission is to use online education to transform lives through Jesus, Justice and Technology.

Our Vision
We are reinventing Christian higher education to make it radically affordable and relevant to the needs of those serving the poor and addicted. Our goal is to be twice as relevant at half the cost of comparable options. We spread best practices to help a movement of faith-based organizations be more effective in transforming the lives of millions of homeless, addicted and low-income individuals each year. We also dramatically expand educational access to those who were recently homeless, addicted or imprisoned, providing them with education that leads to life transformation and employment. Aggregated Institutional Data on Student Achievement
Bachelor's graduation rates are based on 6-year (150%) graduation cohorts starting in 2016. We provided at least a 3 year average since that date to even out data since some of our annual program cohorts are small. Other programs followed similar guidelines. This data was compiled in July 2024. Graduation rates are for students who are accepted and fully matriculated as defined in our catalog.
